## Chrissy Grant Receives 1st Community Leader of the Month Award

Shelby Electric Cooperative has begun a community initiative for the inside employees. Josh Shallenberger, Vice President of Finance & Office Services for the cooperative, began this initiative back in October 2007.

"I began awarding a Community Leader of the Month acknowledgement to the office person with the most hours of community service for any one month period and this amounts to the office employees contributing their time for the betterment of the community," said Shallenberger.

"Several employees already give much of their free time to community causes and this is one way the cooperative can show their appreciation for a job well done," added Shallenberger.

Chrissy Grant, Accounting Assistant, was awarded the first Com-

munity Leader of the month award for her 10.5 hours of community service work. Chrissy earned the time for her work with her church Sunday school, the Cub Scouts and Scarecrow Daze.

"I think this is a fantastic initiative because it gives me the encouragement and opportunity to make a difference in someone's life. As I was growing up there were countless local volunteers who made a real impact on me so this is my chance to do the same for someone else," said Grant. "Shelby Electric Cooperative has a commitment to community, and as a Shelby Electric employee, I feel that I have an obligation to share the same beliefs and responsibilities as the organization that I represent."

Chrissy received a \$25 gift card to Red Lobster as an acknowle-

ment for her efforts. To be eligible for the gift certificate, an employee must contribute a minimum of four hours of their time to the community each month.
